Chairman Message

It gives me immense pleasure and a sense of pride to mention here that **Shree Krishna Pranami Public School** has completed its **25 glorious years** serving in the field of education and is bringing out yet another edition of its school magazine ' **The Waves**'. We are truly blessed by our founder Chairman – **Seth Sh. Hanuman Prasad Kedia Ji**. His vision of providing quality education has always been meeting the needs of the individual child here.

We believe children are like buds in a garden and should be carefully and lovingly nurtured, as they are the future of the nation and the citizens of tomorrow. No subject is of greater importance than that of education. **SKPPS** is continuously working in this direction by providing students a value- based education and laying special emphasis on character building and upholding high moral values that challenge them to identify their strengths and reinforce them. They would be more confident, disciplined and achieve a clarity in the thoughts. Here, I would like to quote a *Shloka* from **Bhagwad Geeta** (2.66) that truly emphasizes on a conscious mind and its significance:

नास्ति बुद्धिरयुक्तस्य न चायुक्तस्य भावना ।
न चाभावयतः शान्तिरशान्तस्य कुतः सुखम् ॥

Over these 25 significant years, the institution has provided the students with opportunities to explore and grow. Now, when this vision of duty, aspiration and faith has become a reality, it is a proud moment for us to see thousands of students pursuing their higher education. I am sure , in future too, the school would continue to make a significant contribution in education via hard work, positive attitude, sustained efforts and, innovative ideas exhibited by our young children. We want every child to progress and blossom into the best that they can be. Our teachers and staff are hand-picked and trained with regular educational seminars and workshops to meet the needs of this generation and to maintain highest quality of teaching, and; to “**turn mirrors into windows**”.

As we move forward, we continue to embrace innovation and the latest approaches to prepare our students for the challenges and opportunities that lie ahead. With a strong emphasis on technological integration and experiential learning, we ensure that our students are well equipped to thrive in an ever changing world. I extend my heartfelt gratitude to our parents for their unwavering support and trust in our vision. Together, we will continue to create an environment that encourages students to dream big and reach their fullest potential. Thank you for choosing **Shree Krishna Pranami Public School** as the platform for your child's educational journey. We look forward to partnering with you in shaping a bright and successful future for your child.

Warm regards

Rajesh Kedia
Chairman

From the Principal's Desk

Jubilees are occasions to be celebrated. This session, the school completed 25 years of its existence. It is really a proud moment for me working here as a Principal. The word, 'Silver Jubilee' speaks volumes of the glory of our school. To mark the occasion, our school organised the cultural festivity with grandeur and enthusiasm dedicated to our Founder Chairman, Seth Shree Hanuman Prasad Jee Kedia.

The cultural extravaganza epitomized the major share of our Founder and the achievements of the school and its alumni. Further, this spectacle articulated the contribution of the students, parents, teachers and institutional culture. Behind this significant success, the role of the worthy Chairman, Shree Rajesh Jee Kedia, is very phenomenal.

The Silver Jubilee edition will certainly tell all and sundry what a child can do and achieve here, as a student. I would like to add here that endeavour, calibre and devotion are the most important key factors behind a successful work. Successful SILVER JUBILEE year has gone leaving behind its imprints of most cherished moments and glorious accomplishments which surely we would like to keep on record in the journey of our success through this special issue of WAVES.

Sunil Sharma
Principal

From the Vice-Principal's Desk

25 Years of Shaping Young Minds

As we commemorate our 25th anniversary, I am filled with a sense of profound gratitude and immense pride. This milestone is a testament to the collective efforts of our dedicated faculty, supportive parents, and bright-eyed students.

Over the past quarter-century, our school has evolved into a vibrant hub of learning and innovation. We have consistently strived to provide a nurturing environment that fosters academic excellence, artistic pursuits, and character development.

I am particularly proud of the way our students have embraced challenges, excelled in various fields, and emerged as responsible global citizens. Our faculty, too, has been instrumental in shaping young minds, inspiring creativity, and igniting a lifelong passion for learning.

As we look to the future, we remain committed to our core values and our mission to provide quality education. Let us continue to work together to create a brighter future for our students.

With warm regards,

Sunil Kumar

THE SOLID FOUNDATION

School is the place where the foundation of great achievements is laid. It is here that young minds are moulded and groomed into ideal citizens of the Nation. It is here that the young minds weave their dreams and take their first step to make them a reality. The teacher of school life is remembered for life as they are there to make young minds think, to face the world, to make their mark, to achieve their dreams and be successful. The laughter, the cheeky naughtiness and friendships of school are life long memories.

The environment provided by a school has a lasting impression on young minds. It is the responsibility of faculty to harness the talent and make them bloom. In today's world, to be successful, the students need learn quickly, unlearn and relearn, think out of the box, have creative mindset and have good communication skills to have an all-around personality

It is a matter of pride that SKPPS Sivani is coming out with another edition of their magazine "The Waves". The school magazine is a great platform for children to showcase their talents in literature, poetry, creativity, art etc. As also for the school to highlight its own achievements as well as of their students. This year being Silver Jubilee of SKPPS Sivani makes it all the more special.

I wish to put on record my deep appreciation for the Management, Principal, Staff and Students of SKPPS Sivani for their stellar performance over the years which has helped SKPPS Sivani carve a niche among the best. I also extend my best wishes to the "Team SKPPS" for glorious future and grand success in all their endeavours.

Best Wishes. Jai Hind.....!

*Warm Regards
Suneel*

MESSAGE

The focus of school is always to motivate and empower students to be a life long learner, achievers, and forward-thinking citizen of an ever-changing global society. The school lays strong foundation of education and pillars of the institutions are the teachers who shape the lives of the student. Teachers toils endlessly to equip students with the tools essential for modern life. It is the very fundamental strength laid by the school that enables students to cope up with the challenges of life and come on top.

The need of the hour is to understand the challenge and bring out sea change in the mind set of the people which can be achieved only through education. Adaptability to the fast changing and fast-growing world is need of the hour. Student of today must be trained to channelize their energy to work towards empowerment with knowledge, skill, capability, and self-confidence. The values like compassion, kindness, empathy, and generosity needs to be rejuvenated.

It is heartening to know that SKPPS is publishing, yet another edition of school magazine 'The Waves'. It gives a platform to unfold creativity, talent and enhance communication skills. Journal is a medium to voice their opinion and speak their mind and make them realise their potential. Heartiest greetings and congratulations to everyone associated with the institution and wishing success in all its endeavors.

With all good wishes to entire school fraternity.

Warm regards,

Head Girl

Message

Head Boy
Paras Aggarwal
XII (Commerce)

If it could be said without saying, then it would be "the first day was so noisy with other children, my soul was restlessly waiting for the bell to go."

Now, it feels surreal to think that this chapter, which began with wide-eyed curiosity and countless dreams in those teary eyes, is now coming to a close. This thought forces me to lose myself in the charming memories of 12 years.

SKPPS is not just an institute for me; it is really an emotion of love, joy, peace, gratitude and most importantly inspiration. The memories that we all have created here, the lessons we've learnt, the bonds we are sharing and especially the challenges that we've faced after our prankish stunts will endlessly cradle a superior rank in our hearts.

SKPPS has moulded me into what I'm today and inculcated ample qualities as well as skills to survive in the universe.

This year has been particularly special for me, as I've been entrusted with the honor of being the Head Girl. It has been a privilege to serve and represent a school that has not only nurtured my growth but also inspired me to lead with compassion, integrity, and dedication. I am much obliged for the trust that my teachers and peers have placed in me.

Though the thought of leaving this school and stepping into the next phase of life is daunting, I am ready to take on the future with everything this glorious place has given me.

MAY THE GLORY OF SKPPS TOUCH THE PINNACLE!!

Dear Students,

Teachers, and Members of the School Community,

It is an honor to serve as the Head Boy for this session (2024-25) of our esteemed institution. This position is both a privilege and a responsibility that I carry with pride, knowing that it represents the collective trust of the school community. I will surely cherish it for the lifetime.

As I reflect on our journey, I am reminded of the core values that bind us together—excellence, integrity, and unity. Our school has always been a beacon of knowledge and growth, nurturing not only our academic potential but also our character.

To all my juniors and peers, no matter what anybody tells you, words and ideas can change the world. Have faith in yourself, stick to values, maintain your integrity, stand for what you think is right and be courageous to think different. Nevertheless, the change begins with you.

"The future belongs to those who believe in the beauty of their dreams."

May SKPPS continue to flourish and achieve even greater heights!!!

Editors' Desk

Dear Readers,

Welcome to yet another edition of our school magazine 'The Waves'.

We are delighted to present you the special volume of our Annual School Magazine to commemorate the Silver Jubilee year of the school. (25 glorious years) Magazines are the stress buster for the contributors and readers. They are the apt media for students to explore their co- curricular potentialities.

Our Magazine kindles the imagination of the learner. I appreciate and thank the staff and students of all faculties who used various mediums of expressions to present their ideas. As long as our ideas are expressed and thoughts kindled, we can be sure of learning, as everything begins with an idea. A school magazine is itself an institution which prepares its contributors to actively participate in whatever is going around them, which affects their lives. They learn to express themselves confidently as their expression is given rightful exposure. I must say that the herculean task of editing this school magazine would not have been possible without the sincere support of the members of Editorial Board who received articles, compiled them and eventually, we all made a final draft of them.

I am sure that the positive attitude, hard work, sustained efforts and innovative ideas exhibited by our young children will definitely stir the mind of the readers and take them to the world of alloyed joy and pleasure.

"Wishing all the readers a happy and memorable reading!"

Bhavanjali :

A Journey of the Legend

Celebrating 25 Glorious Years of Shree Krishna Pranami Public School On 29th December 2024, Shree Krishna Pranami Public School celebrated its silver jubilee with the event "**Bhavanjali: Journey of a Legend.**" This grand occasion was a heartfelt tribute to the founder Chairman, **Seth Shri Hanuman Prasad Kedia Ji**, whose vision and dedication established the school as a beacon of excellence.

Before the main program, an exhibition was held, showcasing impressive models and projects from various subjects. This exhibition highlighted the students' creativity, hard work, and dedication, with each model reflecting hours of effort and innovation. It was not only visually captivating but also insightful, providing a glimpse into the school's commitment to fostering knowledge and teamwork.

The program officially began with a soulful orchestra performance by students, setting the tone for an evening filled with joy and nostalgia. Cultural performances, including dances, theatrical dramas, and skits, creatively portrayed the school's journey and values. The function was graced by the Kedia Family, including the Chairman, Vice Chairman, and their entire family, alongside **Chief Guest Shri J.P. Dalal**, whose inspiring speech praised the school's contributions to education.

Two special video presentations captivated the audience: a journey video, highlighting 25 years of milestones and memories, and an alumni video, featuring heartfelt messages from former students whose lives were shaped by the school.

Mementos were also presented as tokens of gratitude, adding a special touch to the celebrations. The Kedia Family shared emotional recollections of Shri Hanuman Prasad Kedia Ji, inspiring all to continue his legacy of excellence.

The event concluded with a heartfelt vote of thanks by the school Principal, expressing gratitude to all who contributed to the success of the celebrations and the school's journey. This day truly left a long-lasting imprint on everyone's hearts.

CS Club

Transforming Lives, Empowering Communities : Our Community Service Club's Journey

Empowering Young Minds, Enriching Communities. Unlocking the Power of Compassion and Social Responsibility. Clubs and Societies play a vital role in the holistic development of students. They provide a platform for students to explore their interests, develop new skills, and build relationships with their peers. Clubs and Societies also help students develop important life skills such as leadership, teamwork, and communication.

The Community Service Club and Junior Red Cross Society has been doing an excellent job in promoting social responsibility and environmental awareness among our students under the guiding light of Ms. Sonal Saini (Head Mistress). The club and Society have been actively involved in various community service projects, such as cleanliness drives, tree plantation drives, and health and hygiene awareness programs.

Recent Activities:

1. Daily Saraswati Puja and Guru Sandipani Puja

Objective : To instill spiritual values and promote a sense of gratitude among students.

2. Tiranga Rally (August 14, 2024)

Objective : To promote patriotism and national pride among students.

3. Weekly Cleanliness Drive

Objective : To promote cleanliness and hygiene among students and staff.

4. Tree Plantation Drive

Objective : To promote environmental conservation and inspire students to become eco-conscious.

5. Community Service Club Members' Volunteer Work

Objective : To promote community service and social responsibility among students.

6. Health and Hygiene Awareness Program

Objective : To educate students about the importance of health and hygiene and promote healthy habits.

7. Inter-School Quiz Competition

Objective : To promote academic excellence and healthy competition among students.

8. Art and Craft Workshop

Objective : To promote creativity and self-expression among students.

9. Environmental Conservation Pledge

Objective : To promote environmental awareness and inspire students to take action to protect the environment.

10. Community Outreach Program

Objective : To promote community service and social responsibility among students and inspire them to make a positive impact in their communities.

The Community Service Club has been instrumental in promoting social responsibility and environmental awareness among our students. Through various community service projects, the club has helped students develop important life skills such as leadership, teamwork, and communication. We are proud of being a part of this club and look forward to its continued growth and success.

Sarika (VIII- A)
(Member of CSC Club)

NSS

"The best way to find yourself is to lose yourself in the service of others."

– Mahatma Gandhi

The National Service Scheme (NSS) at Shree Krishna Pranami Public School is committed to nurturing socially conscious and responsible individuals. Through impactful initiatives such as tree plantation drives on Kargil Vijay Diwas, community clean-up campaigns, health awareness camps, environmental programs, and road safety awareness drives, the NSS unit promotes active civic engagement and environmental stewardship.

By organizing workshops, street plays, and campaigns on road safety, the NSS raises awareness about traffic rules, responsible driving, and pedestrian safety, emphasizing the importance of vigilance on roads. These activities empower students to develop vital skills like leadership, teamwork, and empathy, fostering a strong sense of commitment to society.

The NSS program inspires students to take meaningful actions, contributing positively to their communities and shaping a better future for all.

MUN- 'The Battle of Wits'

MUN or Model United Nations is a simulation of the United Nations conference where students role-play as delegates of different countries and they attempt to solve real-world issues with their own policies and perspectives of their respective portfolios on various current issues and the topic for this MUN was -'**Global Warming**'.

With this motto, on **23rd & 24th October**, six students of SKPPS went to attend two days' conference and to compete with the students of fifteen other schools. The event was hosted by **Vidya Gyan School, Sitapur, Lucknow, Uttar Pradesh**. Representatives of UNESCO enjoyed briefings on their topic from the distinguished speakers. We were six students under the leadership of Mr. Vikas Anand Singh (PGT History) namely- **Balkrishan (XII- A), Khushi (XII- B), Genius (XII- C), Piyush (XII-B), Naina Jindal (XII- B) and Kaashvi (XI- B)** were the delegates from various nations who proposed specific solutions to specific problems related to environment.

Prior to the event, the students underwent intensive training sessions designed to introduce them to the world of international diplomacy, negotiation, and delegation ensuring they were well-prepared to take on the roles of UN representatives. Through collaborative discussions, resolutions, and negotiations, the students were able to deepen their understanding of global diplomacy and the complexities of international relations. The first day's presentation was planned to be held in Indian traditional attires and the second day's presentation happened in contemporary and modern attires. We take a pride to mention that our students really performed significantly well, despite of the fact that they attended any such event for the first time. All in all, the experience was an enthralling and enriching experience which rose students' expectations. We hope to have such amazing and fun-filled experiences for our next batch too. And, also hope to see another MUN in the upcoming future.

Sports

Badminton

Badminton (Classes VI to VIII)

In doubles, Gandhi House (Vansh, Aditya, Deepshikha, and Bhavana) secured the first position, and Subhas House (Dikshant, Yash, Shrishthi, and Muskaan) secured the second position.

In singles, Anil (Sarojini House) and Charvi (Gandhi House) secured the first position, and Onik (Subhas House) and Harshita (Vivekanand House) secured the second position.

Badminton (Classes IX to XII)

In doubles, the first position was secured by Hitesh and Krishna (Sarojini House), Shruti and Aarti (Vivekanand House), and the second position was secured by Sumit and Shorya (Subhas House), Kismat and Ritika (Gandhi House).

In singles, Tanmay (Sarojini House) and Preeti (Vivekanand House) secured the first position, and Anuj (Vivekanand House) and Ronak (Gandhi House) secured the second position.

Chess and Carrom Competition

Our school conducted a carrom and chess competition in the month of April. The event saw enthusiastic participation from students across various grades, showcasing talent and sportsmanship in a range of disciplines.

Carrom

Chess

Carrom Board (Classes III to V)

In Class III, the first position was secured by Yug and Ansh (Gandhi House), Swara and Deepika (Vivekanand House). The second position was secured by Yakshit and Yuvraj (Sarojini House), Rudrika and Dimple (Gandhi House). The third position was secured by Palvit, Nikshay, Aaradhya, and Muskaan (Subhas House), Ritika and Sanvi (Sarojini House).

In Class IV, the first position was secured by Virat, Dikshant, Sneha, and Anushka (Sarojini House), and the second position was secured by Ridhim and Suryansh (Vivekanand House), Deepika and Sakshi (Subhas House). The third position was secured by Navdeep, Arnav, Sofia, and Sanchi (Gandhi House).

In Class V, the first position was secured by Naman and Hardik (Sarojini House), Lakshita and Aastha (Subhas House). The second position was secured by Prince and Bhanu (Subhas House), Jeenal and Priya (Gandhi House), and the third position was secured by Hardik and Jai (Vivekanand House), Himanshi and Anvi (Sarojini House).

Chess (Classes VI to XII)

Himanshu and Hitesh from Sarojini House secured the first position, Krish and Nitin from Vivekanand House secured the second position, and the third position was secured by Najuk from Vivekanand House and Shruti from Gandhi House.

Handball

A game of resilience and perseverance

Handball has been an integral part of our sports curriculum since thirteen years under the stark and excellent guidance of our handball coach **Mr. Maha Singh**.

We are proud to share that our students excelled in various tournaments held in different parts of the state and country as well.

Our noteworthy achievements:

- Under-14 Girls Team of SKPPS bagged 3rd position in a district level match, held at Bhiwani.
- Our two students, Tamanna (IX-B) & Anjali (VIII-C) bagged 4th position in ^th Haryana State Handball Tournament held at Hisar.

CBSE North Zone Handball tournaments: (Held at Ratangarh)

- Under- 19 Girls' team under the leadership of Arti (XII-B) and with other players Anshu (XI-A), Kashish(9-B), Khushboo (IX- B), Chanchal (IX- A), Nisha (IX-B), Rakshita (XI- B), Muskan (XI-C)- bagged 2nd position.
- Under-17 Boys' team of the players- Jatin (X-C), Aryan (X-B), Shivam (IX-B), Ashish (X-A), Lalit (X- C), Gaurav (X-A), Ayush (X-B)- bagged 3rd position.
- Arti (Captain of handball Girls' team), has been selected for National level and bagged 2nd position in C.M Cup Handball Tournament at Distt. Level.

We hope that young players of SKPPS will keep on shining brilliantly in future too and keep their spirits always high!!!!

The Role of Physical Education and Sports in Holistic Development Physical education and sports help students grow with well-rounded development. As a sports teacher, I see day in and day out how this extends far beyond fitness in the body, training qualities in discipline, teamwork, resilience, and mental clarity. In the newer educational framework, the inclusion of yoga as part of the conventional sports gears them towards this multidimensional development.

Physical Education: A Foundation for Life

Physical education is not teaching students to play games but rather helping them develop their motor skills and creating habits essential for a long-lasting healthy lifestyle. Getting students ready to lead active lives is done by instructing them in the basics of movement, exercise, and sportsmanship. For me, the classroom extends to the sports field where students learn how to set goals, take challenges, and celebrate efforts as much as outcomes. The ultimate impact of physical education includes improved academic performances, better emotional regulation, and heightened self-esteem among students.

The Power of Sports

Sports are a mini-life of sorts: it teaches valuable values beyond the playground. Whether it's to learn to be part of a team in working together, to be humble in victory, or to overcome the sting of defeat, sports cultivate toughness with emotional intelligence. In a school setting, engaging in sports fosters inclusion, breaking barriers of background or ability. As a sports teacher, I emphasize that every student has unique strengths, and my goal is to help them discover and hone these abilities. By participating in sports, students also develop critical thinking and strategic planning skills, as they must make quick decisions under pressure.

Yoga: Bridging Mind and Body

The integration of yoga in the physical education agenda has been revolutionary. Yoga provides a supplementary edge in sports while emphasizing mindfulness, flexibility, and inner strength. Again, unlike all those highly competitive sports, yoga insists on self-awareness and personal growth. Students learn how to deal with stress by mastering asanas (postures), pranayama (breath control), and meditation. These skills, in turn, improve their sports performance while preparing them for academic and personal challenges under the tranquil mindfulness of a peaceful mind. Injury prevention is also enhanced by yoga as it cultivates flexibility, balance, and core strength. For students who cannot find their niche in high-intensity sports, yoga presents a different avenue towards building physical fitness and mental toughness.

Holistic Growth through Physical Education

I have always considered myself a teacher who designs games rather than just building athletes. The concerns are more about bringing up confident, empathetic, and successful individuals who can face life's challenging situations. Physical education and sports are complemented by yoga for the entire development of students. Investing time and energy into these areas is an investment in the future, shaping individuals who value health, possess strong character, and understand the importance of balance. In my teaching, I strive to create an environment where every child feels empowered to participate, improve, and thrive—both on and off the field.

Conclusion

Physical education, sports, and yoga, together make a very effective structure of a holistic education. Hence, as a sports teacher, I take it as a matter of pride to be entrusted to be able to guide these students towards discovering the extent of their own potential and the joyous gesture of movement, mindfulness, and mutual respect. In the modern world of producing better athletes, it does more than prepare well-rounded individuals ready to contribute positively towards society.

NCC Army

विद्यालय प्रांगण में में एनसीसी की दो टुकड़ियों में से एक आर्मी विंग 19 जुलाई 2018 को श्री हरियाणा बटालियन एनसीसी, हिसार के तत्कालीन कमांडिंग ऑफिसर कर्नल एसके गुप्ता के द्वारा प्रदान की गई। विद्यालय में पहले केवल एयरविंग की एक टुकड़ी बच्चों में भारतीय सेना का जज्बा कायम कर रही थी लेकिन बाद में आर्मी विंग के कमांडिंग ऑफिसर कर्नल एसके गुप्ता ने विद्यालय में एनसीसी का एक कैंप लगाया। कैंप के बहुत बढ़िया आयोजन से प्रभावित होकर उन्होंने विद्यालय को सेल्फ फाइनेंस की 50 सीटें अलॉट कर दी। वर्तमान में आर्मी विंग का नेतृत्व ऑफिसर ट्रेनिंग अकेडमी कामठी, महाराष्ट्र से प्रशिक्षण प्राप्त करके थर्ड ऑफिसर पवन जांगड़ा के द्वारा किया जा रहा है। इन्होंने अपनी काबिलियत का परिचय देते हुए शुरू से ही विद्यालय एनसीसी का नाम शिखर पर रखने का कार्य किया। इनके नेतृत्व में एनसीसी कैडेट्स ने बेस्ट कैडेट्स होने का अवार्ड भी प्राप्त किया और आज इनकी एक बेस्ट कैडेट प्रिया दलाल भारतीय सेना में लेफ्टिनेंट के पद पर चयनित होकर देश सेवा का कार्य करने के लिए प्रशिक्षण प्राप्त कर रही हैं। कैडेट प्रिया के अतिरिक्त बहुत से कैडेट्स भारतीय सेना और हरियाणा पुलिस के रूप में अपनी सेवाएं दे रहे हैं। श्री हरियाणा बटालियन एनसीसी, हिसार और ग्रुप हेडक्वार्टर, रोहतक के दिशा निर्देशन में समय-समय पर वार्षिक कैंप और अन्य कैंपों का आयोजन किया जाता है। जिसमें विद्यालय के कैडेट्स अपना बेहतरीन प्रदर्शन करते हैं। कुछ ऐसा ही नजारा विद्यालय के कैडेट्स में हांसी शहर के द ई5 स्कूल में आयोजित *CATC-161* में 11 गोल्ड और 22 सिल्वर मैडल जीतकर दिखाया।

NCC Air-Wing

NCC stands for NATIONAL CADET CORPS. It is one of the largest organisations in the nation. It is full of life changing learnings and life building lessons. It also inculcates in us the spirit of nationalism, courage, time management etc., For learning some of these lessons the cadets were taken to visit AIR FORCE STATION, SIRSA. The cadets reached there at around 8:00 a.m. There the cadets witnessed a number of mind-blowing activities and things some of them were the process of rescuing in remote areas, skydiving from a height of 800 metres, S.U and SUKHOI aircrafts and many more. It was a mesmerizing experience for the cadets. Cadets have also organised an event or a special assembly on the occasion of Kargil Vijay Diwas and showed the love and respect for their nation in the form of entertaining dance, songs and many more. Cadets have also organized and participated in NCC Day Celebration and has taken various initiatives like Swachh Bharat Abhiyan, drills etc., We have also held tree planting many times with the cadets. Cadets of 2nd year has also just attended their camp and performed victorious in it. Their journey in the camp is also very inspiring.

Tree planting on the occasion of environment day

Achieved 1st position in overall camp activities

Rifle shooting training in the camp

Achieved first position in NCC drill

NCC too plays a great role in shaping cadet's future by teaching him/her great lessons and essentials of life such as time management, decision making, unity, discipline, leadership and more. The NCC also aims to develop qualities such as character, courage, and a sense of duty. Under the ethos of 'Unity and Discipline,' the organization seeks to cultivate a sense of social responsibility among the youth, encouraging them to actively participate in various community service initiatives. NCC also provides a huge scope of job opportunities. NCC is very much helpful in every way.

Swachh Bharat Abhiyan Cadets

Relevance of Study of Mathematics in other Subjects

'यथा शिख्रा मयूराणां नागानां मणयो यथा।
तद्वद् वेदांगशास्त्राणां गणितं मूर्ध्नि स्थितम्'॥

Like the crest of the peacock, Like the gem on the head of a snake, So is mathematics at the head of all knowledge

Mathematics is one of the most famous subjects. It is the story of logic and reasoning which has been passed on from generations to generations, since time immemorial. The range of applications that mathematics has is: incredible. It's comparable to the range between the size of a virus and the planet, Jupiter! We use mathematics in every aspect of life: from waking up in the morning and watching the time to calculate whether we'll get late for our work - to - dividing the bill amongst our friends - to - using Google to search something or the other. Mathematics is omnipresent. Even while studying subjects other than mathematics, knowingly or unknowingly we use mathematics.

Let's try to explore some of the uses of mathematical concepts in different areas of human knowledge and appreciate the intricate intertwining of mathematics with other subjects. Starting with Physics: If two subjects are really inseparable then it's definitely Physics and Mathematics. From the calculating speed, velocity and acceleration using simple formulae or deriving them using calculus, finding the focal length of a lens or building a telescope using the lens, finding the frequency of an oscillating pendulum or predicting the existence of a heavenly body like Neptune just by calculation! These and a lot other concepts of physics have a mathematical base.

Fine arts helps us visualize the wonders that mathematics has in it. Optimization: the concept of optimum usage comes into play for making paintings by using medium based paints like oil or water. Perfect amounts of medium and color bring out the best in the paintings and help them survive long with the artwork being still vibrant. Also, concepts of ratio, proportion, symmetry, geometry, tessellation, fractals etc. have beautifully helped the artistic world blossom to its fullest. Together art and mathematics have created the aesthetic world that we proudly live in!

In Chemistry: As per law of conservation of mass, in a chemical reaction, the mass of reactants should be equal to the mass of products. So every chemical equation must be balanced... and arithmetic (a part of mathematics) ensures this. Forming the basics, the periodic table, having more than 100 elements, that differ from each other due to number of nucleons in present them to some advanced areas like understanding behavior of solids, liquids and gases using graphs and preparing semiconductors using the idea of ratios and proportions for desired optimal result, mathematics takes care of everything.

Commerce and mathematics go hand in hand. Trade, check on GDP, formulation of economic policies, accounting, etc. without mathematics will be reduced to just theory with no practical use. Even common activities like buying and selling items will become difficult! Mathematics in Agriculture plays a very crucial role. The idea of optimization is fully exploited in this area. Starting from deciding the best season for growing the crops and the optimal area for doing the farming, and to ploughing, sowing seeds, irrigating and harvesting them; each and every step is completely based on the concept of optimization. How many seeds should be sown in a particular area and would be irrigated at what frequency to result in bountiful harvests thus maximizing the profits!

This modern era that we live in, is due to the use of mathematics in computer science (CS). Binary math, logic, counting, probability, recurrences, graph theory and discrete math form the foundation of this subject. Computers, mobiles,

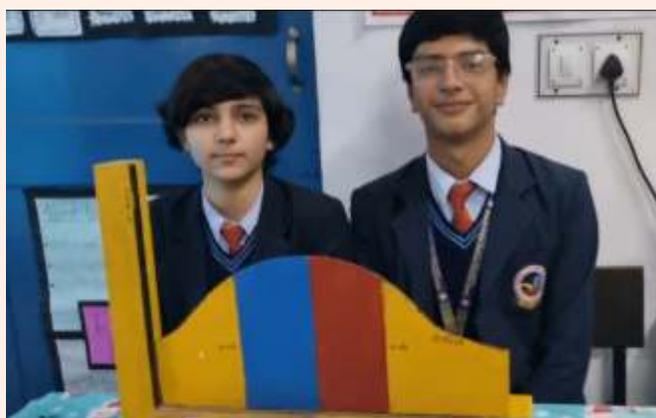

security systems, robots, etc. are some invaluable products of this union of math and CS. Had it not been the use of math in CS, learning across the world, in the pandemic of 2020 would have come to a halt. Thankfully, it has not.

Mathematics in sports is omnipresent. From the technique of playing a sport like calculating the perfect angle to hit the ball to marking the perfect running track to predicting the result of a cricket match by DLS if raining interrupts it and till the final result is announced in all the other sports, math is used everywhere vividly. Chess is the most beautiful example of a mathematical sport! At first, it's difficult to imagine the purpose of a subject like mathematics in language. But, when observed, words are the base of language, and syllables are the building blocks of words. And it is the perfect pattern of syllables that give poems and other literary pieces their beautiful and melodious flow, which is covered under the area of arithmetic. Last but not the least, let us see what role mathematics plays in the subject of History. It can be clearly observed that history without dates and timelines is illusion and timelines without mathematics is confusion. Ancient, medieval and modern ages are there because math helped us to differentiate them on the basis of calculation of dates! Thus, it can be said that those who have completely understood the various concepts of mathematics can excel at any subject because every subject contains some or the other applications of mathematics in it. If all the other subjects are bricks, then mathematics is the sand that gives them their base and helps us construct our serene world.

Mathematics is the language in which God has written the Universe.

AI- "The Future is here"

Artificial intelligence abbreviated as AI has revolutionized the world and transformed the way we live, work and interacts. The debate if AI's impact on society divided people into two groups, one hailing AI as boon and other condemning it as bane. On one hand, AI has brought about numerous advantages that has changed our lives. For example, AI has made tremendous progress in field of healthcare. AI-assisted diagnosis has improved accuracy, enabling early detection of disease. Moreover, it has personalised the treatment process, thus reducing the recovery time and bringing better outcomes.

Furthermore, it also enhanced education facility by broadening its accessibility. Now, education can be availed even in remote areas. Additionally, AI tutor can be adjusted to your pace.

Keeping these points in mind AI can be considered as boon. However, AI has its black side too.

One of these and most important disadvantage is job displacement. As AI automates tasks, there is risk of decrease in jobs, leading to widespread unemployment. Moreover, the increasing use of AI has also raised concerns about data security and privacy. Additionally, there is risk that AI can become uncontrollable, therefore posing a threat to human society.

In conclusion, AI is a coin with head and tail providing numerous advantages as well as disadvantages.

The river never end

Once upon a time there was a monk and man his name was Mohan he always wondering when his responsibilities would end. He often tries to run away from responsibilities the monk was watching all this. A river flow near Mohan house the Monk seating near the river Mohan saw the Monk, the Monk was seating near the river from a long time Mohan asked to Monk " why are you seating here " Monk replay " I want to cross the river " Mohan asked should I drop you on the other side of river. The Monk says no I will go on my own once the river end Mohan shocked and says that the river may end some days, Monk says responsibilities can never end like the river so, stop running away from responsibilities Mohan understand that the reason behind running away from responsibilities is that he must fulfil it

Moral:-
*we should never run away
from our responsibilities*

Being Optimistic!

Everyday isn't a pleasant day
Just like the weather, isn't always sunny.
Sometimes, it's cloudy, windy or rainy.
Things not always happen the same way.

Everyday isn't a lucky day
Just like a gamble that we play
Not all the time we win
But losing a game is never a sin.

It doesn't matter how many times we failed
So long as we do not stop
We can always remove the trap.
And raise ourselves from being drop.
Every day is a new day
A new start, a new chance
To learn new things, to tell another story
To create new pages of history

Sunday

Sunday is a joyful day,
No studies, just play.
Going out for shopping,
And a lot of time for joking.
Running here and there,
There is fun everywhere.
Watching the cartoons,
Which end too soon.
Free from studies,
Free from the load of bags.
That is what makes 'Sunday',
My favourite day.

Lifestyle of student

*“Education is our passport to the future,
for tomorrow belongs to the people
who prepare for it today”.*

Student life is one of the most memorable phases of a person's life there are many exciting moments in student's life like, we sometimes forget to complete our homework and then pretend to find the notebook in the bag when teacher asks for it. Talking in between the lecture and then get punished by the teacher. One of the most exciting things about the student life is going to picnic and trips with your friends. The essence of student's life lies in the little things like getting curious about your friend's marks and getting jealous if they score more. The excitement for games period or learning about a new teacher. Students life builds the foundation for our life. It helps us to grow in the path of life and qualities like honesty, patience and more. There are many ups and down in student's life. It is like a backbone to have a successful life later on. It is a golden time for students. School brings joy and happiness to our life. The classroom becomes our second home. It's a blend of early-morning classes, late-night study sessions, and the thrill of making lifelong friends. Each day is a new adventure and a chance to learn, explore and evolve. It's a time when we acquire a lot of knowledge and savour the taste of independence. It's a journey of exploration and experimentation. From joining social clubs and engaging in community service, these experiences help in uncovering a student's passion and talents. In conclusion student life is a remarkable chapter in the book of everyone's life. It's a transformative journey filled with academic, enduring friendships, social interactions and to overcome challenges. It's like a big playground to get ready for the future and that's pretty exciting!

*“If you cannot do great things,
do small things in a great way.”*

Mahdev

The Eternal Guardian

A GARDEN OF MEMORIES A TRIBUTE TO GRAND MOTHER

In the garden where memories bloom,
your laughter lingers, dispelling the gloom
with gentle hands, you nurtured each seed
A love so profound, fulfilling every need.
grandma, your memories are a precious treasure,
without you everything feels empty, no pleasure.
each star in the night, a twinkle of you
guiding our paths, in all that what we do
each night I miss you like the star miss the sky,
like the moon longs for the sun as the days says goodbye.
grandma you are the part of my heart embrace,
without you it feels like a lonely place.
with your blessings, I strive to move ahead
wrapped in your love, I found comfort instead
with every sweet memory forever she'll stay,
in the garden of my heart, she blooms every day.

Thank you

Ridhi
X- B

Mahadev, Oh Lord of the skies,
With your Trident, you rise so high.
In the mountains where silence reigns,
Your divine presence forever remains.
The river Ganga flows at your feet,
In your embrace, the whole world finds space.
With the crescent moon upon your hand,
Your third eye blazing, like a Fiery Red
You guide us in the darkness like a light,
And leads us to the path that's always.
Your love and compassion is like a medicine for injuries,
that heals the deepest scars, with gentle harmonies.
Mahadev's Trident, a symbol of love,
Guiding us forward, from above.
You are my protector, my guiding light,
In every situation, whether it is day or night.
You shield me from every harm with care,
And surrounded me with love that is always be there.
I know you will fulfil my wishes one day,
And bring happiness to my life in every way!!

Himanshi
X- B

Mom

You filled my days with rainbow lights,
Fairytale and sweet dream nights,
A kiss to wipe away my tears,
Gingerbread to ease my fears,
You gave the gift of life to me
And then in love, you set me free.
I thank you for your tender care,
For deep warm hugs and being there.
I hope that when you think of me,
A part of you, you'll always see.

Science

The Science Department is pleased to present this comprehensive report on its activities and achievements. This report aims to highlight our collective efforts in fostering a stimulating and engaging learning environment for students and staff alike.

Key Objectives for the Year:-

At the beginning of the academic year, the Science Department set the following objectives:

1. To enhance students' understanding of scientific concepts through practical and experiential learning.
2. To integrate technology into the teaching-learning process for better engagement and outcomes.
3. To encourage participation in extracurricular activities such as science exhibition, quizzes, and competitions.
4. To promote professional development among staff members.
5. To ensure the laboratory facilities meet safety standards and are updated with modern equipment.

Activities and Achievements:

1. Classroom Teaching and Learning

Implemented interactive teaching methods, including multimedia presentations and group discussions.

Focused on student-centered learning by incorporating project-based learning in all grade levels.

Conducted remedial sessions for students requiring additional support.

2. Laboratory Work

Conducted practical sessions for students across all grades, ensuring hands-on learning experiences.

Organized safety workshops for students to promote proper lab etiquette and safety protocols.

3. Extracurricular Activities

Successfully hosted the annual Science Exhibition from various grades.

Our students: Priti, Tejasvini, Balkrishna and Krish participated in inter-school science quizzes and won accolades.

Our school also participated in science drama at block level and secured appreciation certificates. Harshita, Mannat, Simran, Nikita, Lakshay, Mayank, Himanshu & Dhruv performed exceptionally well in science drama.

4. Staff Development

Organized professional development workshops for teachers focusing on STEM education and technology integration.

The Science Department is proud of its accomplishments this year and remains committed to inspiring a love for science among students. We extend our gratitude to the administration, parents and students for their continuous support and look forward to an even more productive year ahead.

Social Science

A Journey Through the Geography Lab: Discovering the Power of Maps

The Geography lab was more than just a classroom for me; it was a place of wonder and exploration. As a Class 9 student, stepping into that room filled with globes, charts, and stacks of maps felt like entering a world where every detail had a story to tell. Under the guidance of Aasiful Islam Sir, what began as simple lessons soon turned into a journey of discovery and inspiration. One of my first experiences in the lab was learning how to interpret topographical maps. Sir patiently walked us through the meaning of contour lines, slopes, and elevations, showing us how each line on the map represented the rise and fall of the landscape. We practiced reading the maps, identifying mountains, valleys, and rivers, and understanding how these natural features impact human life. The lab became a place where maps came alive, moving beyond their flat surfaces to tell stories of Earth's physical makeup.

Sir's teaching didn't stop at just reading maps; he made them an interactive part of our learning. We learned about the importance of symbols, scales, and legends and practiced creating our own maps. One of the most memorable projects was mapping the rainfall distribution across India. At first glance, it seemed like a basic exercise, but as we plotted data and connected it to real-world implications like agriculture and water availability, I realized the power of maps to tell a story. This experience brought to life how climate patterns shape people's lives and why understanding them is crucial.

What made the lab sessions truly special was Sir's ability to connect geography to the world around us. He showed us how political maps tell stories of borders and governance, physical maps detail the raw beauty of the Earth's landscapes, and thematic maps reveal complex data like population growth, migration, and environmental change. Through these lessons, I learned that maps are more than just images; they are tools for understanding and problem-solving.

Sir's passion for teaching was contagious. He made sure

we never viewed maps as mere academic exercises. Instead, we learned to see them as keys to understanding human behaviour, environmental challenges, and global issues. His discussions often centred around real-world applications of geography, such as how maps help in disaster management or urban planning. He taught us to view maps as powerful narratives that could inspire change, reminding us that every map has the potential to tell a story that could influence decisions and shape the future.

Maps: Windows to the World

After those experiences in the lab, my perspective on maps transformed. I no longer saw them as just tools for memorizing places or planning routes; I saw them as powerful instruments for storytelling and change. Maps are windows to the world, revealing complex relationships and offering new perspectives. They are the eyes through which we can understand global challenges, analyse patterns, and inspire action.

Maps have the ability to show us not just where we are, but where we can go. They hold lessons about people and the environment, and they challenge us to think critically about our world. My time in the Geography lab with Aasiful Islam Sir taught me to see maps for what they truly are: more than just lines and colours on paper, but reflections of our history, our struggles, and our potential.

Today, when I look at a map, I don't just see geographic data; I see a story, a challenge, and a possibility. I see the power of learning and the potential for change. Thanks to those lab experiences, I now understand that maps are more than just tools—they are a call to understand, to explore, and to make a difference.

Constitution Day

"We are Indians, firstly and lastly."

- B. R. Ambedkar

Constitution Day Celebrations: A Tribute to the Architect of India's Constitution

November 26th marked a significant day in the history of India, as the nation celebrated Constitution Day. Our school joined in the festivities, paying tribute to the visionary Dr. B.R. Ambedkar, the chief architect of India's Constitution.

The day's events began with a floral tribute to Dr. Ambedkar, led by our Principal Mr Sunil Sharma and Vice Principal Mr Sunil Kumar. This solemn ceremony set the tone for the rest of the day's activities, which aimed to educate and inspire students about the importance of the Constitution.

One of the highlights of the day was a quiz competition on the Constitution, which saw enthusiastic participation from students across various classes. The quiz tested their knowledge of the Constitution's provisions, history, and significance, and the winners were awarded prizes for their efforts.

In addition to the quiz, students showcased their creativity by designing posters on the Constitution. These colourful and informative posters adorned the school corridors, serving as a visual reminder of the Constitution's importance in our daily lives.

The assembly, organized by the Social Science department lead by HoD Nitesh Kumari. It was a poignant moment in the day's celebrations. Students gathered to read the Preamble to the Constitution, a powerful statement of India's commitment to justice, equality, and liberty. The collective reading of the Preamble was a moving experience, emphasizing the values enshrined in the Constitution and the responsibility that comes with being a citizen of India. Overall, our school's Constitution Day celebrations were a resounding success, thanks to the efforts of the organizers and the enthusiastic participation of our students. As we look to the future, we hope to continue inspiring our students to become responsible citizens, informed by the principles of the Constitution and committed to upholding its values.

Library

**"Unlocking Knowledge: Exploring the Vibrant World of Our School Library
"Discover the Exciting Activities and Initiatives that Make Learning Fun!"**

As we step into our school library, we enter a realm of endless possibilities, where the love for reading and learning comes alive. Our library is more than just a repository of books; it's a hub of activity, fostering curiosity, creativity, and critical thinking. In this article, we'll delve into the exciting library activities that make our school stand out.

Book Clubs:

Our library hosts book clubs for students of all ages, where we discuss thought-provoking novels, share perspectives, and develop essential communication skills. From classics to contemporary bestsellers, our book clubs cater to diverse tastes, encouraging students to explore new genres and authors.

Motivational and encouraging session by experienced librarian :

Our library organizes various literary and motivational session to encourage students to grow the habit of reading motivational and useful books that help students to achieve their goals of life and make them achieve proficiency in language and literature. Not only that, the students are motivated to participate in discussion declamation and debate as well as influential conversation.

Book Reviews and Recommendations:

Students are encouraged to write book reviews, sharing their thoughts and opinions with peers. Our library also provides personalized book recommendations, helping students discover new authors and genres.

Digital Literacy:

To stay ahead in the digital age, our library offers workshops on online resources, digital citizenship, and media literacy. Students learn to navigate the internet effectively, evaluating information and staying safe online.

Collaborative Projects:

Inter-class and inter-school collaborations are facilitated through library initiatives, promoting teamwork and problem-solving skills. Students work together on research projects, presentations, and innovative ideas.

Reading Challenges:

Our library sets reading challenges, encouraging students to explore diverse genres, authors, and topics. Participants receive rewards and recognition, fostering a culture of reading for pleasure.

Library Orientation:

For new students, our library orientation program provides an introduction to the library's resources, services, and policies. This ensures a smooth transition and helps students make the most of our library.

Volunteer Opportunities:

Students can volunteer as library assistants, gaining hands-on experience in cataloguing, shelving, and research. This develops organizational skills, responsibility, and a sense of ownership.

Books Donation provision

Our library also offers the opportunity to students as well as teachers of the school to be a part of helping hand by donating books to the library which is a great help to the students who cannot afford costly books.

"One child, one teacher, one book and one pen can change the world"

I am proud to say that a student of our school SKPPS Siwani, **Manvi**, a student of standard 6th and **Anjali**, a student of class 6th have donated books to the library of our school and have done a great work.

Donating books can help people develop their communication skills, improve their focus and concentration, and reduce stress. Books can also help people think more deeply about things and invite them to take some time to relax.

Donating books can provide you with joy, satisfaction, and peace. It can also bring a smile on the faces of children who will get these books.

SKPPS LIBRARY (BIBLIOTHECA)

Our school library is a vibrant, inclusive space where knowledge, imagination, and creativity thrive. Through these engaging activities, we empower students to become lifelong learners, critical thinkers, and passionate readers. Visit our library today and discover the endless possibilities!

The treasures of our library :

Our library contains more than 18000 books which belong to different subjects such as Science, Commerce, Arts, Language and literature, General knowledge, History, Geography, Maths and there are different kinds of newspapers and magazines provided to the students.

Visit of different renowned personalities time to time to encourage and motivate the students.

District Level Competition **SKPPS EMERGES VICTORIOUS**

Shree Krishna Pranami Public School has once again made its mark in the academic arena by winning the first prize at the district level competition. The talented students of SKPPS showcased their exceptional skills and knowledge, outshining their peers from other schools in the district.

The winning team, accompanied by Mr. Kapil, Head of Department, and Ms. Richa, then proceeded to participate in the state level competition held in Rohtak. The competition was intense, with top schools from across the state vying for the top spot.

Despite the stiff competition, the SKPPS team held their own, demonstrating their expertise and confidence. The school is proud of its team's achievement at the district level and is optimistic about their chances at the state level.

The school's administration and faculty extend their warmest congratulations to the winning team and their mentors, Mr. Kapil and Ms. Richa, on their outstanding achievement.

About School

Shree Krishna Pranami Public School is a renowned educational institution dedicated to providing quality education and fostering holistic development in its students. With a strong focus on academic excellence, extracurricular activities, and character development, SKPPS has established itself as a premier school in the region.

Student Workshop

Workshop held for Mental Ability Testing

The workshop focused on developing the following skills in the students:

Quantitative aptitude: Logarithms, Sets, Miscellaneous and Number System, Percentage, Profit and Loss, Ratio & Proportion, Time & Work, Time, Speed & Distance and problems on ages.

Mental ability: Syllogism, non-verbal reasoning, logical reasoning, coding and decoding. The topics focused on mastering aptitude and reasoning techniques to excel during placements.

All the participants actively participated and enjoyed the learning experiences from the speakers. The event emphasized essential problem-solving techniques and efficient mental ability practices to significantly boost their confidence and aptitude skills.

ADITYA

Independence Day

School Soaks in Independence Day Fervour ...

On the occasion of 78th Independence day, students and teachers of SKPPS showcased their patriotism to commemorate the freedom struggle. For a fortnight, the school was full of patriotic spirit and activity.

On this special occasion, the gamut of celebration and activities held in the school campus, consist of flag hoisting by our Chief Guest Col. Suneel Kataria and our Chairman Sir Sh. Rajesh Kedia. Before the cultural extravaganza, a march past was showcased by NCC cadets of our school. The dance performances depicted the unity in diversity of the country. Patriotic songs, dramas and speeches were telling the story of unparalleled valour poured in the freedom struggle and the sacrifices made by freedom fighters.

Patriotism was in the air, with saffron, white and green adorning the school spaces.

May we never forget freedom isn't free.....

JAI HIND!!!

Art Corner

There are no rules to creativity...

Art has the power to add an aesthetic sense to anything in the world. Now a days, art integrated learning is a part of study. It means art and craft together can make anything and every subject is worth it.

So, to make our students more creative and give wings to their imagination, we organised the following creative and innovative competitions in this session -

On 24th August 2024, we organised a 'Mehandi Competition' which was really a great experience for the girls and the teachers as well.

On 3rd September 2024, Teacher's day Card Making Competition was held and students made very creative cards with their own imagination for all the teachers.

On 27th October ,the scene was really different because the school premises was twinkling like beautiful stars .We organised Diwali Card Making, Diya Decoration and Lantern Making Competitions. The children of junior section enthusiastically took part in it.

On 29th October ,A 'Rangoli Making' Competition was organised and the students of all the four houses participated in it. They made beautiful rangoli. The whole school was decorated with beautiful diwali cards, lanterns, well decorated diyas along with beautiful rangoli.

Diwali Fest

To symbolise The Spiritual victory of light over darkness good over evil and knowledge over ignorance. In our premises of SKPPS. students of various classes were holding a raft of activities with great joy and happiness of showcasing their efforts and creativity.

Kindergarten children gave their supreme contribution with their tiny hands by praying for goodness and victory of the school.

The school was tastefully decorated (Kindergarten) with yummy varieties of different handmade snacks and sweets which embossed the atmosphere with vibrant colours and delicious taste. It was a joyful environment to enhance the connectivity among students and enhance their cultural values.

Kindergarten

Krishna Janmashtami

Vijayadashami

Keeping the festive spirit alive, SKPPS (Siwani) hosted a special assembly in celebration of joyous festival of Dusshera.

Various activities including poems and speeches glorified the occasion. A special act represented Rama and Ravana mythology. Sita , the princess was taken hostage by the demon king Ravana. Lord Rama successfully defeated the strong and wicked king Ravana by saving his wife. The celebration continued with passionate dance performance by talented Skppians.

To reinforce the message that good always triumphs over evil, the effigy of Ravana was burnt along with which students burnt one evil.

The Principal encouraged all present to embrace these lessons and incorporate them into their daily lives.

हिन्दी विभाग

चलो बताओ...,

चलो बताओ..
क्या कभी यह नहीं लगता..कि..काश वह बचपन वापस आ जाए..
जब दो चोटियाँ बनाकर..स्कूल जाया करते थे..
जब मम्मी पापा के हाथों से खाने में..शरमाया ना करते थे..
जब छोटी-मोटी लड़ाइयाँ भूल जाया करते थे..और जब कोई बड़ी-सी लड़ाई हो जाए..तो मासूम सी शकल बना लिया करते थे..
जब मम्मी के गोद में सिर रख के सो लिया करते थे..उसी में सुकून मिल जाया करता था..
अब तो तकियों की गोद में सिर रख के रो लिया करते हैं..सुकून तो जैसे कहीं खो-सा गया है..
मम्मी पापा के हाथों से खाकर कतरा लिया करते हैं..
लड़ाइयो में चाहे गलती किसी की भी हो..माफी खुद ही मांग लिया करते हैं..
पहले लगता था..कि..कब बड़े होंगे यार..और अब लगता है..कि इतना भी बड़ा नहीं होना था यार..
देखो तो..कितना फर्क आ गया है..आंसू दिखाने से छुपाने तक का सफर आ गया है..
हर बात पर लड़ने से..चुप रहने का वक्त आ गया है..
दूसरों पर उंगली उठाने से..खुद को कोसने का पल आ गया है..
यह फर्क..यह सफर..यह वक्त..यह पल..न जाने कब जाएगा..
शायद जिंदगी इसे ही कहते होंगे..
अच्छा सुनो,
यह बचपन अगले जन्म में फिर आएगा...!!

हमारा स्कूल

हमारा स्कूल है बहुत निराला,
लगता हमें है बहुत प्यारा।
संग पढ़ते हैं सभी बच्चे,
ये सभी है मन के सच्चे।
अध्यापिकाएँ हमारा ध्यान रखती हैं,
हमें बहुत प्यार करते हैं।
ये देते हमको ज्ञान,
हम करते इनका बहुत सम्मान।
यहाँ है बहुत से कमरे,
लगे हुए हैं हरे-हरे गमले।
यहाँ है बहुत से कक्ष,
जैसे - पुस्तकालय, खेल कक्ष, कला कक्ष व संगीत कक्ष।
यहाँ बच्चे खेलते-कूदते व हँसते-हँसते अपना दिन गुजारते,
और ढेर सारा ज्ञान प्राप्त करके जाते।
हमारा स्कूल है बहुत निराला,
लगता हमें है बहुत प्यारा।
स्कूल, यह स्कूल,
हमारे जीवन का एक अनमोल फूल।।

प्रणाम करो

अपने से जो लोग बड़े हैं
उनको सदा प्रणाम करो
अच्छे कामों से दुनिया में
अपना ऊँचा नाम करो।
मेहनत से हर काम करो तुम
कम से कम आराम करो तुम।
सोच लिया जो करना उसको
समय पर उसे तमाम करो तुम।

दीपिका
चौथी - (4016)

खिलाड़ियों की जिंदगी

लोग कहते हैं ये लोग करते ही क्या हैं ? बस खेलते ही तो हैं, क्या होता है खेलना ? क्या वाकई इतना आसान होता है जैसे बोलना ?

बस उठना पड़ता है सुबह तीन बजे, जब लोगों की आधी रात होती है. छोड़ना पड़ता है आराम सारा , पड़ता है अंधेरे में घर से निकलना , ऐसा होता है बस खेलना, कड़कड़ाती ठण्ड हो,मूसलाधार बारिश,या हो चिलचिलाती धूप, हर मौसम के अनुरूप खुद को पड़ता है ढालना, ऐसा होता है बस खेलना...

पैरों में मोच हो ,या हो कमर में अकड़न, गर्दन में जकड़न हो या हो जोड़ों में दर्द, भूलना पड़ता है सब,

ऐसा होता है बस खेलना..

ना मना पाते कोई त्यौहार, ना कर पाते साज श्रृंगार, ना कभी होती छुट्टी, ना होता कोई उत्सव यार , बारह महीने बस मेहनत, ऐसा होता है बस खेलना यार, ना खाना कभी चॉकलेट, ना मिलती खाने को चाट, पिज्जा बर्गर से रहें दूर कोलड्रिंक के नाम से पड़ती डाँट, पड़ता है ये सब कुछ झेलना,

ऐसा होता है बस खेलना..

चारों पहर बस करते मेहनत, दिमाग में ना कुछ और आता, खेल का मैदान दिखता बस, उसके सिवा कुछ ना सूझता ,

सौ प्रतिशत देकर भी, जब हाथ कुछ ना आता, भूलकर हार का दर्द फिर दुगुनी मेहनत में लग जाता जीत-हार में सिमटी जिंदगी और कुछ नहीं भाता,

अपनी मेहनत के बलबूते खिलाड़ी सारा सम्मान पाता, कौन जाने किसने की, कितनी मेहनत, जगकर काटी रातें, मैदान में दिखाता अपना जौहर ,फिर भी लोग बनाते रहते हजारों बातें..

गर आसान होता इतना तो हर कोई खिलाड़ी बनता, जीत के पायदान पर कोई भी किस्मत बुनता।

लगानी पड़ती है दांव पर जान तभी बन पाता है खिलाड़ी एक महान...

लोगों के कहने से जो नहीं कभी जीत-हार को छोड़कर बस मेहनत है करता ...

ऐसे ही हर कोई खिलाड़ी नहीं बनता, बस ऐसे ही कोई भी खिलाड़ी नहीं बनता ।

जय हिंद, जय भारत!

मयंक गेवाल

कला समेकित शिक्षा से बदलता शिक्षा का स्वरूप

कला समेकित अधिगम को भाषा शिक्षण से जोड़ने के कुछ फ़ायदे:-

- इससे बच्चों को आनंद मिलता है।
- बच्चों के लेखन में सुधार होता है।
- बच्चों की रचनात्मकता बढ़ती है।
- बच्चों की अभिव्यक्ति का विकास होता है।
- सृजनात्मकता और कल्पनाशीलता को बढ़ावा मिलता है।
- भाषा के व्यावहारिक उपयोग का अवसर मिलता है याददाश्त और अवधारणात्मक क्षमता में वृद्धि होती है।
- सांस्कृतिक संवेदनशीलता का विकास होता है।
- कला समेकित शिक्षा सुनने, देखने, बोलने, और स्पर्श जैसे कई इंद्रियों को एक साथ सक्रिय करती है। इससे भाषा का अधिगम गहरा और प्रभावशाली बनता है।
- आत्मविश्वास और अभिव्यक्ति कौशल का विकास होता है।
- सामूहिक कला गतिविधियाँ जैसे नाट्य मंचन, समूह गीत, या चित्रकला परियोजनाएँ छात्रों में सहयोग की भावना उत्पन्न करती हैं और भाषा के माध्यम से संवाद कौशल को सुधारती हैं।
- कला समेकित शिक्षा एक समग्र और प्रभावी पद्धति है, जो भाषा अधिगम को रोचक, प्रभावी, और यादगार बनाती है। यह केवल भाषाई कौशल ही नहीं बल्कि छात्र के संपूर्ण व्यक्तित्व के विकास में भी सहायक होती है।

मनुष्य जीवन

मनुष्य के जीवन में जिस प्रकार से जल के द्वारा शरीर के अंगों की शुद्धि होती है और सत्य को अपनाने से मन शुद्ध होता है। विद्या और तप से आत्मा शुद्ध होती है, ठीक उसी प्रकार से ज्ञान बुद्धि को शुद्ध करता है। इसलिए व्यक्ति को हमेशा ज्ञान प्राप्ति के लिए ही आगे बढ़ना चाहिए।

क्योंकि विद्यार्थी जीवन को ज्ञान प्राप्ति का सर्वोत्तम समय माना जाता है, जिसमें वह लगातार कुछ न कुछ सीखता है और नई ऊँचाइयों को छूकर एक नया कीर्तिमान स्थापित करता है।

इसी उद्देश्य को ध्यान में रखकर विद्यालय में समय-समय पर पत्रिका का प्रकाशन करवाया जाता है ताकि विद्यार्थियों का

सर्वांगीण विकास हो सके। यह पत्रिका विद्यार्थियों के विचारों तथा समाज की अनेक आवश्यकताओं को ध्यान में रखकर, उसे सबके सामने लाने का प्रयास करती है।

मैं मोहित विद्यालय के उन सभी बच्चों को धन्यवाद देता हूँ, जिन्होंने अपनी मेहनत और लगन से इस पत्रिका में अपनी उपस्थिति दर्ज करवाई है।

धन्यवाद।

मोहित

हिन्दी एवं संस्कृत विभाग द्वारा आयोजित विविध गतिविधियाँ

हिंदी एवं संस्कृत विभाग द्वारा समय-समय पर जिला स्तरीय, राज्य स्तरीय तथा अंतर विद्यालय प्रतियोगिताओं में भाग लेने के लिए बच्चों को प्रोत्साहित व प्रशिक्षित किया जाता है। बच्चे इन प्रतियोगिताओं में प्रतिभाग करके अनेक प्रकार के अनुभवों से सीखते हैं। विद्यालय के छात्र-छात्राओं ने हिंदी दिवस पर भाषण एवं कविता के द्वारा अपने विचार प्रस्तुत किए और हिंदी भाषा के महत्व की जानकारी दी। वहीं विद्यालय में गायन, वेशभूषा, वाद-विवाद, हिन्दी संगोष्ठी का आयोजन किया गया। नई शिक्षा नीति में हिंदी और संस्कृत भाषा को विशेष महत्व दिया है। मातृभाषा के साथ-साथ

अंग्रेजी का ज्ञान भी आवश्यक है। विद्यालय में हिंदी को बढ़ावा देने के लिए प्रतियोगिताओं का आयोजन किया। विद्यालय की नौवीं कक्षा की छात्रा श्रुति व कल्पना अंतर विद्यालय हिंदी भाषण प्रतियोगिता में भाग लेने के लिए प्रतिभागी के रूप में ओपी जिंदल मेमोरियल स्कूल हिसार गए और वहाँ जाकर सराहनीय प्रदर्शन किया।

संस्कृत दिवस के अवसर पर विद्यालय में शैक्षिक कार्यक्रम, संगोष्ठियाँ, और सांस्कृतिक गतिविधियों का आयोजन किया गया, ताकि बच्चों में संस्कृत के प्रति रुचि और जागरूकता बढ़ाई जा सके। यह दिवस इस बात की याद दिलाता है कि संस्कृत केवल एक भाषा नहीं, बल्कि ज्ञान, विज्ञान, संस्कृति, साहित्य, और धर्म का माध्यम है, जो जीवन को बेहतर बनाने का मार्ग दिखाती है।

गीता जयंती महोत्सव में ब्लॉक स्तर पर कनिष्ठ वर्ग से निकिता व वरिष्ठ वर्ग से श्रुति ने प्रतिभाग किया। इस प्रतियोगिता में श्रुति का प्रदर्शन सराहनीय रहा तथा निकिता ने ब्लॉक स्तर पर प्रथम स्थान प्राप्त किया तथा जिला स्तर पर चयनित हुई। निकिता ने जिला स्तर पर उत्कृष्ट प्रदर्शन करते हुए छठा स्थान प्राप्त किया।
